Ishant Behl

Associate Director | Consulting Partnerships | Qualitative &
Quantitative Research Leader | Multi-Market Strategy Enablement |
P&L Owner
India

Summary

Ishant Behl is a client success and account management professional with over 7+ years of experience driving client satisfaction, retention, and revenue growth across global consulting, corporate, and investment clients. Known for his strategic thinking and client-centric approach, Ishant has built a strong track record of managing high-value portfolios, leading cross-functional delivery teams, and executing data-driven strategies that enhance long-term client value. Currently serving as an Associate Director, Ishant focuses on defining and executing strategic growth plans, strengthening service lines, and supporting market expansion initiatives. His expertise spans primary research programs across both quantitative and qualitative methodologies, and he is recognized for translating complex client requirements into scalable execution and delivery models. Alongside his strategic responsibilities, he actively mentors teams to build capability, accountability, and high-performance delivery culture. Prior to this, Ishant held leadership and client-facing roles including Client Servicing Lead and Client Success Specialist, where he acted as the primary point of contact for enterprise clients across consulting, private equity, and corporate sectors. He has successfully delivered end-to-end client projects — from requirement scoping and expert identification to execution and post-engagement insights — consistently improving client satisfaction and portfolio growth. Throughout his career, Ishant has demonstrated strong commercial impact, including exceeding revenue targets by up to 180% and contributing significant short-term revenue through strategic account execution. He has also led initiatives to expand expert networks and improve supplier evaluation frameworks through data-driven market insights. Ishant holds an MBA from Doon Business School and a Bachelor's degree (Honours) in English from the University of Delhi. He has further strengthened his professional foundation through certifications in Market Research, Consumer Behavior, and

Project Management. Driven by innovation, relationship excellence, and measurable business outcomes, Ishant continues to focus on building scalable client success strategies while enabling teams and organizations to grow sustainably in fast-paced global environments.

Experience

Market Xcel

Associate Director

January 2026 - Present (6 months)

India

- Lead consulting partnerships, enabling global strategy and advisory firms with end-to-end primary research and multi-market fieldwork execution.
- Own P&L for consulting accounts, driving revenue growth, retention, and long-term strategic alignment.
- Partner with engagement managers and consulting teams on time-critical projects, ensuring seamless execution aligned to client hypotheses and decision frameworks.
- Design and deliver qualitative and quantitative research programs across APAC, MENA, Europe, and North America.
- Oversee feasibility, costing, proposal development, and execution strategy for complex multi-country studies.
- Lead cross-functional teams (operations, CATI, recruitment, moderation, data processing, analytics) to ensure high-quality and timely delivery.
- Maintain strong stakeholder relationships with global consulting leaders, ensuring high NPS and repeat business.
